SJRRP Temperature SOPs v1 wAppendices.pdf

Hi Valentina,

I'm attaching our temperature SOPs, which include our equipment calibration and data QA/QC procedures. I see in your email signature that today isn't a work day for you, so I will return your call Monday afternoon.

Thanks,

Erica

Subject: temperature data for the SJRRP

Hi Erica

You may not remember, but 1.5 years ago or so you sent along the SJRRP continuous temperature data for me to look at for listing determinations on the SJR.

I've attached it as an FYI. I'm now looking to use it in our upcoming action on the 303d list of impaired waters and was hoping you could share with me the QA/QC plan you have in place for your monitoring program so we can document the quality control of the data.

Thanks in advance for your help,

Valentina Cabrera Stagno
